Subject: June 7 Alt Screen Scoping Meeting
Date: 05/26/2010 12:56 PM

Chip,
I left you a voice mail regarding this upcoming meeting. We want to confirm with you that this scoping meeting is a Management Team conversation with input from a select set of senior consultants (e.g., Carl and Keith for the LWG). We do not anticipate opening this meeting up to the more broad list of technical folks.

Let me know if this is your understanding. Thanks, Jim.
